Hon. Secretary

From Chairman's Desk

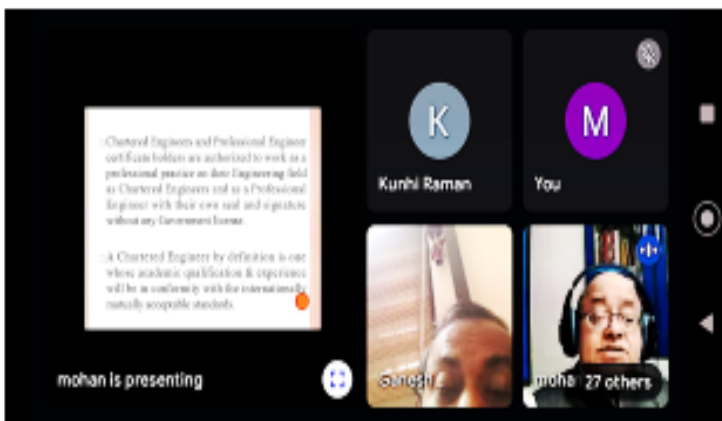

Dear Engineers,

When stepping down as the Chairman of IEI BLC, I would like to thank all the members for their whole hearted support and co-operation. The session was initially for a period of two years and due to the COVID -19 pandemic it was extended for 1 more year. During the session (2018-21) we celebrated the Silver Jubilee of IEI BLC which was marked by the presence of eminent personalities from various fields. In connection with the Silver Jubilee celebration, we had given Awards of Excellence to people from academics (both faculty and students) and industry. Apart from this we had organised seminars and workshops on various relevant topics. AMIE examination was also conducted even during the pandemic period. BLC is continuing the quarterly publication of "IEI BLC Bulletin" to keep members updated with all the activities. All issues of the bulletin are available on our website www.ieiblc.org. Our silver jubilee publications and documentary is also available on the website. Material Testing Laboratory is updated every year with addition of new tests and continuing its NABL accreditation status. Various industries are sending sample to our laboratory for testing. I thank all managing committee members and members attached to BLC for their support and overwhelming response to all activates conducted at BLC during the entire session.

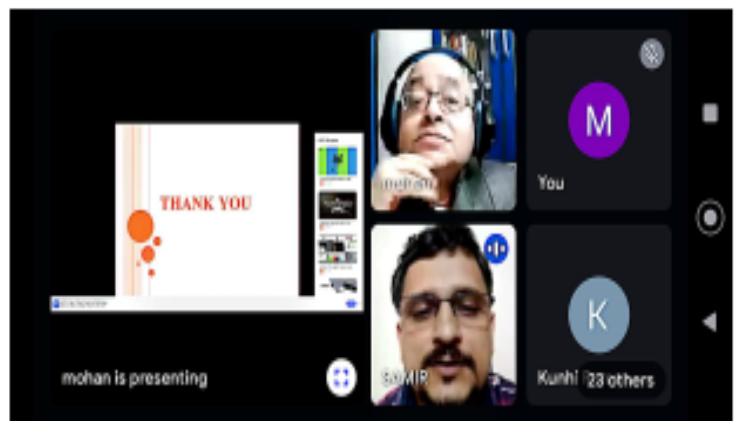

Keshav K. Varkhedkar
Chairman
